Hit the road and head to the beach

IT'S MYRTLE BEACH BIKE WEEK TIME!

Springtime is a great time to plan a road trip, and the upcoming Myrtle Beach, South Carolina Bike Week, **May 13-22, 2022**, is an excellent option. It's one of the largest Bike Rallies in the country, with hundreds of thousands of bikers hitting the Grand Strand to enjoy camaraderie, great seafood, loads of music, entertainment and of course, great rides along the southern coastline

This year the Rally is celebrating it's 83rd Anniversary, and continues to draw Riders from all across the country who want to enjoy a Spring Fling—in "Hog" heaven. Since Myrtle Beach has always been a well-known beach tourist attraction in itself, there is more than enough activity to please most anyone in your group and no shortage of lodging options.

Check out live performances at the Alabama Theatre, Carolina Opry, Legends, the House of Blues, and Dolly Parton's Medieval Times. If Biker Bars are more your thing, you'll have a hard time choosing, with favorites like Jamin'Leather, Beaver Bar, Suck, Bang, Blow and the Classic on-the-beach favorite, Ocean Annie's.

If you're eager to taste some delicious seafood, the nearby beachside town of Murrells Inlet is famous for this culinary fare. They've been welcoming Bike Week attendees for years and continue to be a favorite destination.

But most of all, Myrtle Beach Bike Week will give you an opportunity for some great rides along the coastline, enjoying the beautiful white sandy beaches and sparkling waters of the Carolina Coast.
(FYI- unless you're under 21, it's a no helmet needed event)

GREAT GADGETS
for 2022

2022 is proving to be a banner year for innovative technology, including Motorcycle Gadgets designed make your rides safer, and more stress free. Tim Huber, with Hiconsumptin, has put together a detailed list of some of the best new products on the market.

(Huber, Tim The 20 Best Motorcycle Gadgets, **www.hiconsumption.com**, 10/14/2021)

1) Earpiece Moto Ear Plugs:

If you've booked some miles on the open freeway then you know that wind noise inside your helmet can be a real problem. With decibels hitting 100db, this can lead to permanent hearing loss. Regular earplugs may cut down on the damaging wind noise, but they also block out road sounds you need to hear. Earpiece Moto's plugs use noise cancelling filter technology to eliminate ambient wind and engine sounds but still let in road sounds like screeching tires, blowing horns and the likes. **(Suggested Price $20.00)**

2) Signal Dynamics Back Off XP Brake Light Modulator:

This nifty gadget is more than just a cool light show. By repeatedly flashing whenever you activate your front or rear brakes, it will significantly improve your visibility to surrounding drivers. **(Suggested Price $48.00)**

HAVE A LAUGH!

Four wheels move the body,

Two wheels move the soul.

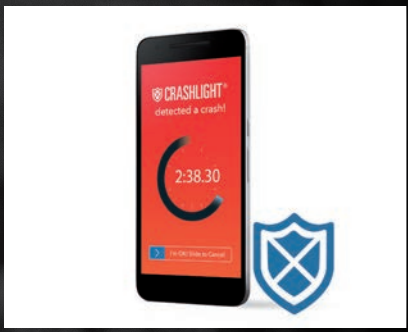
3) Battery Tender USB Charger:

Although today's new bikes come outfitted with needed chargers already installed, that's not the case with your favorite Vintage models. The Battery Tender device connects directly to your Bike's battery harness, for an immediate USB port to charge your mobile devices. **(Suggested price $11.00)**



4) Eat Sleep Ride—Crashlight Service

This amazing software uses your smartphone's sensor and a highly sophisticated algorithm automatically detects if you are in a motorcycle crash, and unresponsive, and then immediately alerts your identified emergency contact. But the program has other uses as well. It can track your rides, record your GPS route, speed, elevation, and lean angle at any point in your ride. You can even share your route with other ESR users and peruse rides other users have posted, too. **(Suggested price $15.00/yr)**

5) Antigravity Micro-start XP-1 Power Supply:

This little 3"x7" compact battery only weighs 1 lb, but holds enough juice to jumpstart a dead Bike! It has multiple charging ports, a battery level indicator and a 110-Lumen LED flashlight. The kit also comes with mini jumper cables, charging cords and a carrying case to keep it all together and neatly under your seat or in a tail compartment.
